Item Three: Establishment of a Long-Term Incentive Plan - Performance Stock Awards ("LTI") addressed to executive members of the BoD, as well as executives of the Company and its affiliated companies within the meaning of Article 32 of Law 4308/2014, in accordance with the provisions of Article 114 of Law 4548/2018 (stock awards). Provision of relevant authorisations to the Board of Directors.

In accordance with the legislative and regulatory framework, it is proposed that the General Meeting adopt a Long-Term Incentive Plan - Performance Stock Awards ("LTI"), in accordance with the provisions of Article 114 of Law 4548/2018, addressed to executive members of the BoD, as well as executives of the Company and its affiliated companies within the meaning of Article 32 of Law 4308/2014.

The recommendation to the General Meeting on the adoption of this LTI aims at retaining the executives of the companies affiliated with the Company and is designed to enhance their incentives and commitment.

The above benefit will be voluntary, paid at the Company's discretion, subject to its right to revoke, modify or cancel at any time, without, however, any acquired rights being affected by the exercise of the Company's right of revocation.

Therefore, the free award of performance stock will take place as follows:

(a) origin of shares to be awarded: either treasury shares acquired under par. 3 of Art. 49 of Law 4548/2018 or new shares issued by capitalising non – distributed profits or distributed reserves or from the share premium.

(b) number of shares to be awarded: The shares to be awarded shall not exceed, in total, one tenth (1/10) of the paid-up share capital.

The shares that shall be awarded shall be ordinary registered shares with voting rights and shall incorporate all the rights provided for in the law and the Articles of Association of the Company.

The LTI consists of three separate independent cycles, each cycle comprising a three-year performance period, with the first evaluation date for the first cycle being on 31 December 2025.

The 1st cycle provides for the award of free shares, to the final beneficiaries within 2026, on the basis of achieving KPI performance objectives during the period from 1.1.2023 to 31.12.2025.

The 2nd cycle provides for the award of free shares, to the final beneficiaries within 2027, on the basis of achieving KPI performance objectives during the period from 1.1.2024 to 31.12.2026.

The 3rd cycle provides for the award of free shares, to the final beneficiaries within 2028, on the basis of achieving KPI performance objectives during the period from 1.1.2025 to 31.12.2027.

It is not compulsory that an equal number of shares is distributed in each cycle. The participation of a beneficiary in a cycle does not exclude its participation in the other cycles. The performance of the LTI for the first three-year cycle depends on two KPIs. The increase percentage of the EBITDA margin and the reduction of the Operating Working Capital ("OWC") as a percentage of net sales.

KPIs may be regularly evaluated and may be amended, if necessary, to ensure their alignment with the long-term objectives of the Company. For this reason, the Board of Directors of the Company has the discretion to select the number as well as the appropriate KPIs per cycle with a minimum of two and a maximum of three KPIs for each cycle. The possible future KPIs that may be added to the LTI include but are not limited to: EBIT%, Return on Capital Employed

(ROCE), Earnings Per Share (EPS), Total Shareholder Return (TSR), ESG-related KPIs and any other KPI considered necessary.

The reward via the LTI shall take place through the award of free performance shares to the beneficiaries in the 4th year (i.e., in the following year of completion of each cycle), after the performance results of the KPIs have been evaluated and approved by the Board of Directors. The Board of Directors shall determine the amount of the LTI for each participant, in a way that the value of the free shares to be awarded does not exceed the annual amount of the short-term plan (Bonus) of each participant during the first year of each cycle. The value of the shares to be awarded shall be determined by the Board of Directors following a recommendation by the RNC on the basis of the market value of the share at the close of the previous day from the announcement of results for the fiscal years 2025, 2026, 2027 (hereinafter: "Share Value") and shall be made available to the beneficiaries by decision of the Ordinary General Meeting, which is also the relevant body for the approval of the annual financial statements, the confirmation of the achievement of the objectives and the one to take the decision on the award of the free shares.

Furthermore, in the context of the proposed action, the General Meeting is requested to authorise the Board of Directors to determine the beneficiaries or categories of beneficiaries of these free ordinary registered shares with voting rights. Furthermore, the General Meeting is requested to authorise the Board of Directors to determine any other terms of the LTI, in addition to the above, in accordance with Article 114 of Law 4548/2018, and in particular the terms relating to employees leaving the plan, in accordance with its Remuneration Policy, so that all beneficiaries are treated in the same way, and to proceed to the implementation of this decision at its discretion at the appropriate time and manner on the basis of the above conditions, appointing proxies of its choice for the signing of any document, and manage all procedural details related to that decision.
