Sarantis Group continues its contribution regarding the COVID-19 crisis through donations amounting to 320,000€

Sarantis Group continues to express its support to the society during the COVID-19 pandemic, through a multidimensional action plan of products and financial support amounting to 320,000€.

During this unprecedented period the Group supports further the enormous efforts made to address the spread of the coronavirus through a 70,000€ financial contribution to the Ministry of Health, aiming to provide the Hellenic Health System with essential medical equipment.

In addition, Noxzema personal hygiene products were donated to Doctors of the World and to the Ark of the World to embrace their valuable efforts by covering their annual needs. At the same time, Sarantis Group offered Lanes products worth of 250,000€. Specifically, Lanes immune system boosters' and energy products will be distributed through the Ministry of Health and the National Organization for Medicines in domestic hospitals and in various institutions all over the country through the Group's collaboration with the NGO GIVMED.

Sarantis Group's commitment is its multifaceted contribution to this uncertain period and its positive response to the collective call to address this global health crisis.
