2nd Voluntary Cleaning Action by Sarantis Group and megabrand SANITAS in collaboration with Save Your Hood

Sarantis Group and the reliable brand, [SANITAS](#), true to their commitment to reduce their ecological footprint, organized for the second consecutive year, the joint voluntary cleaning action with the support of **Save Your Hood**. Following the very successful action in 2023, at the [Merchant Marine Hospital](#), volunteers from the Group, this time, carried out this year's clean-up at the Vravrona Aquatic Reserve. In Honor of **World Environment Day**, employees had the opportunity to visit one of Attica's most ecologically significant wetlands. With the ally of the good weather, they formed teams and began collecting waste. Over **60 enthusiastic volunteers**, motivated by the slogan "**Everything can be better**", which embodies SANITAS's **commitment** and **purpose**, participated in this year's event. Equipped with special gloves and **SANITAS FLEX & STRONG bags made from 100% recycled plastic**, they managed to collect **53,000 liters of waste** from the area, demonstrating that every small action makes a significant impact on the urban environment in which we live and work.

At Sarantis Group, we align our strategies and activities with these initiatives, aiming for a **sustainable and inclusive future**. For **60 years**, with a **sense of responsibility** and **reciprocity** towards society, we have been creating added value and investing in our people. We believe in their strength and continue to build our future with them, **living daily with "ETHOS"** – because it is what we stand for. Our **vision, strategy, and actions** for **environmental sustainability, social responsibility** and **corporate governance** guide all our initiatives. We strive to embody this commitment in our daily operations, practices, and **corporate culture**.
